EMPLOYMENT HISTORY

GURGAON, HARYANA

DET, BAJAJ MOTORS LTD

I worked there post of **DET** and i gave all the possible efforts to **BML** to make a efficient parts . So i worked there as a **CNC OPERATOR** to be operate work parts like **Stub Axle.....**

I learn about managing from there.

And finally I know that to make a final parts with some operations in a given time.

TIME IS TOO PRECIOUS

U have the task and u made it in a possible way in a given time then u know the value of timing and management.
